Eat According to Your Blood Type

by Eric Carle

★★★★☆ 4 out of 5 stars

NT\$250

Dr. Carle believes that the foods people eat react chemically with their blood types. If people follow a diet according to their blood types, they will get more energy, become healthier, and even lose weight.

♥ **Blood Type O**

People with blood type O can digest meat and vegetables well. They should eat more beef, chicken, and fish if they want to lose weight. However, eating rice and beans isn't helpful at all.

♥ **Blood Type A**

People with blood type A should eat more fruit and vegetables if they want to lose weight. Meat isn't digested easily in their bodies, so they should eat less meat.

♥ **Blood Type B**

People with blood type B should eat fewer noodles because they make them fat. Meat, milk, and vegetables are good for them to lose weight.

♥ **Blood Type AB**

Only 5% of the people around the world have blood type AB. The number is much lower than type A, B, and O. It is healthier for them to eat vegetables, fruit, and eggs to go on a diet, but they should eat less meat.

GOOD DOCTOR

Plot

It's a story about a pediatrician, Minato Shindo. He has excellent memory, but has problems communicating. His classmates and other kids always treated him badly or picked on him. Minato decided to become a doctor because his elder brother died when he was young. Luckily, he meets a doctor Akira Shiga. He teaches Minato a lot and even helps him get a job at a hospital. However, to become a great doctor, Minato has to overcome a lot of troubles and bias himself. Finally, Minato changes everyone's ideas about him and makes his dream come true.

Review

I always cry sadly when I watch the drama. It's really touching. The young actor Kento Yamazaki acts so well as Minato Shindo. He is really talented, and also very cute.

by Irene

In fact, the story is not very special. But I still feel touched. I also learn a lesson : Don't look down your nose at others when they are different from us. Though Minato is autistic, he is still a good doctor.

by Ken

The owners of hospitals shouldn't care about money only. They must take people's lives more seriously.

by Frank

I wasn't a fan of Kento Yamazaki, but I am now. His acting made this drama successful.
